## The Gila River Health Care Journey

Founded in 1976 when Gila River Health Care (GRHC) received Joint Commission accreditation, the vision of GRHC has been to be the premier Native American healthcare delivery system empowered to serve the lifelong needs of our people. Establishing itself as a federally recognized 638 non-profit entity in 1995, GRHC has had a continuing mission to provide superior, comprehensive and community-oriented improvements to the health and wellness of the Gila River Indian Community, Ak-Chin Indian Community, and other federally recognized tribes of the United States.

Gila River Health Care promotes a healing environment that fosters physical, emotional, mental, and spiritual wellness while focusing on a care model that promotes collaboration between patients, their families, and healthcare providers. It is because of our promise to treat everyone with dignity and respect and our commitment to core values of Accountability, Commitment, Patients & Families, Culture, Quality, Self-Governance, and Trust that GRHC has become a leader to the populations we serve in Native healthcare.

Healthcare service is offered from GRHC's campuses. GRHC employs approximately 1,400 people, with additional service points across the seven Tribal Community Districts including: the Komatke Health Center Campus, Ak-Chin Clinic, the Hu Hu Kam Memorial Hospital Campus, and the new Hau'pal (Red Tail Hawk) Health Center in Chandler, Arizona. Each campus is distinct and responsive to patient healthcare needs.
