The Podiatry Department was established in 1987 and has grown to be one of the most respected programs in all Indian Country. The podiatry team consists of six full-time and one part-time podiatrist, a nursing manager, two wound-care nurses, one pedorthist (shoe insole maker and shoe modifications), eight medical assistants, one front-office assistant, and one administrative assistant. The Komatke Podiatry Department has been serving Districts 6 and seven since 1998. The current KHC podiatry team consists of two full-time podiatrists, one wound care nurse, two medical assistants, and a department support assistant. All sites provide comprehensive foot care to patients of all ages. Our clinical services include diabetic limb salvage, general

foot exams, routine or preventative foot care, nail laser clinics, orthotics, pediatric screening, pediatric and diabetic shoe programs, casting, therapeutic injections, nail procedures, management of infections, treatment of broken bones, treatment of musculoskeletal issues, and surgical procedures. Our wound clinic provides superior care via the latest advancements in technology and supplies. It is recognized as one of the top programs in any Native American facility. Our surgical podiatry team performs a wide array of surgeries: from elective surgeries to correcting deformities all the way to limb-saving procedures.

Cyber Security

We must be vigilant when using technology in our everyday lives. Here are some tips to help you stay safe.

- 01** Be wary of spyware laced emails. Don't click on emails that you are not sure of or sound too good to be true. If the emails are requesting personal information delete it.
- 02** Phone scammers like to lure you in by saying you have won a prize, or even telling you that you are trouble with law enforcement. Usually they are wanting personal information or money.
- 03** Passwords are essential to protecting our personal information. Don't give out your passwords, don't use the same password for different accounts and make sure to pick a strong password.
- 04** Here are simple ways to make sure your card information stays safe. Shred anything with your card number on it. Check to make sure all your purchases are correct. Don't let anyone use your card. If buying online make sure the site is reputable.
