

# NEW COVID-19 Omicron (BA.4/ BA.5) DOSES NOW AVAILABLE

(SEPTEMBER 15, 2022)

## What?

- The new booster will protect you and your family from the original COVID-19 strain and newer Omicron variants (BA.4/BA.5)
- The new booster is made by Pfizer and Moderna

## Who should get the updated booster?

- Individuals ages 12 and up are eligible for the updated Pfizer booster
- Adults age 18 and up are eligible for the updated Moderna booster

## Why:

- The updated formula will protect you and your family against the original COVID-19 strain and newer Omicron variants (BA.4/ BA.5)
- Recommended by the CDC as of September 1, 2022

## When to get the updated booster:

At least 2 months after your last COVID-19 shot
