

IMPORTANT PATIENT NOTICE

VISITOR GUIDELINES

NOVEMBER 23, 2022

To protect our patients and employees, Gila River Health Care patient visitation is suspended at all campus locations.

Special accommodations may be granted for:

- Patients who require assistance due to physical, mental, or age-related disability
- One parent or guardian is allowed to accompany a minor child
- One visitor or guardian is allowed if required to provide safe medical care (e.g., an elder-requiring additional support or Native American interpreter)

Visitors must first pass the GRHC screening process and comply with GRHC infection control policy and wear a mask before entrance into the facility will be allowed.
