

PATIENT ALERT

MPOX Update and Frequently Asked Questions

August 19, 2024

On August 14, 2024, the World Health Organization (WHO) declared the MPOX outbreak a global health emergency. There has been an increase in MPOX infections in Arizona since March 2024. Recent infections have been diagnosed in Maricopa, Pima, and Yuma counties.

The risk to the general public in the United States from the type of MPOX circulating in the Democratic Republic of the Congo is very low.
