## Welcome to your Patient-Centered Care Team

At Gila River Health Care, we believe in team-based care that puts you at the center of your health journey.

Our Patient-Centered Care Team is here to support patients of all ages—children, teens, and adults—by working together to help you live your healthiest, happiest life.

**Main Phone: (520) 562-3321**

## How We Care For You

Our approach focuses on **you—your needs, values, and health goals**. Here's what that means:

- **Access to Care:** We're here for you with both appointment and walk-in options, along with dedicated phone support after hours.
- **Patient-Centered Care:** We treat the whole person, respecting your needs, culture, and values.
- **Comprehensive Care:** We address both short-term and long-term health needs.
- **Coordinated Care:** We help organize your care across different services, including specialists and community support programs.
- **Quality & Safety First:** We use trusted medical resources, track progress, and listen to patient feedback to provide the best care possible.

## How We Support You:

- We aim to explain your plan of care in a way that's easy to understand so that you can make informed decisions about your health.
- We listen to your concerns and answer your questions.
- We refer you to specialists when necessary.
- We offer health education and tips to help you stay healthy.
- We help manage your health needs and connect you with the right services.

## Your Role in Your Health Care:

- Schedule and attend appointments. Let your Care Team know in advance if you cannot make it.
- Share important health information including your medical history, symptoms and health goals.
- Keep us updated on any changes in your health.
- Bring a list of your medications to every visit.
- Follow your doctor's plan of care instructions.

## Your Rights as a Patient:

We respect your rights as a patient and provide you with the opportunity to:

- Choose other clinicians within your Patient-Centered Care Team
- Seek a second opinion from a provider of your choice
- Seek specialty care when needed
