

In unison with the Gila River Indian Community, Gila River Health Care has designated December 10th as a day to honor the historic 2004 Water Rights Settlement Act signed by President George W. Bush. This year marks its 21st Anniversary.

The Community's determined fight to reclaim their rightful water rights reflects the essential role that water plays in the lives of the Akimel O'otham and Pee-Posh Communities. The phrase "Water is life" is a lesson passed down through generations.
